

A new website for AminoCore.

PREPARED FOR THE AMINOCORE RESEARCH TEAM · BY ERIC BERG, CRUSH

THE TOP OF YOUR HOMEPAGE

Three ways it could look. Pick one, and we build the rest in it.

THE LAUNCH

\$2,500

for \$3,660 of work, one time

LIVE

Within a week

of saying go

YOURS

Yours to keep

design and code in your own repository

01 WHERE WE STARTED

What we built it around.

01 Wolverine. Glow. Klow.

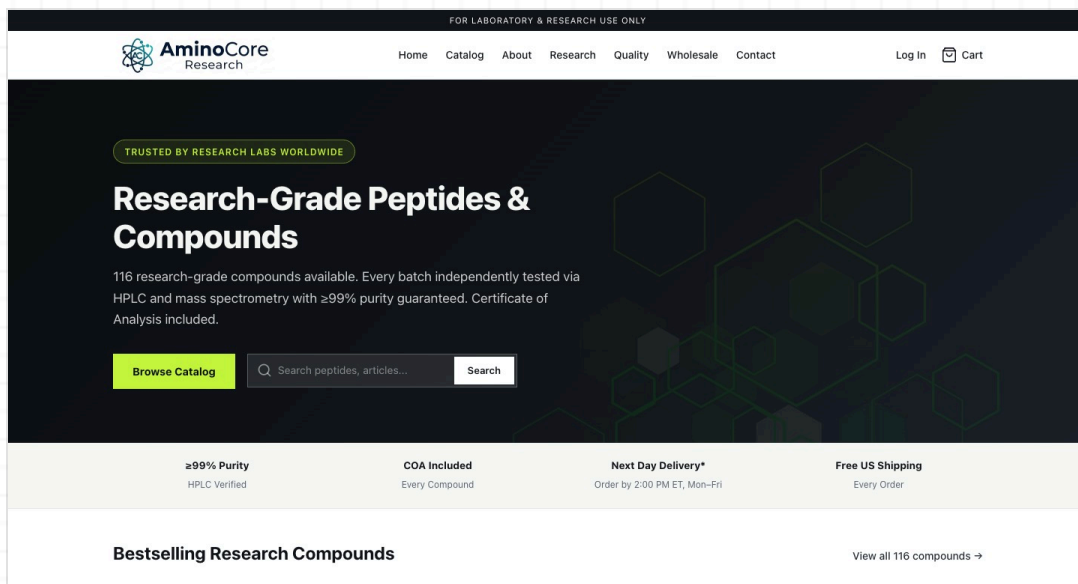

Your own blend names, formula printed on every box. Option 1 sets them as the headline on your lime, and pointing at a name turns your box to that blend, with its size and price.

02 Nothing leaves without its own analysis.

Your own homepage line. Option 2 stands your BPC-157 box and vial huge on a grey studio sweep, with your bestsellers along the foot like a price strip.

03 Synthesis, analysis and dispatch under one chain of custody.

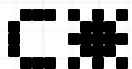

Your own words. Option 3 runs that chain across a white page, ending at free US shipping and next day delivery. Your research-use line shows on every option.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. The new pages are built lean, with no page builder and nothing extra added, and we test them on a preview of your store before anything goes live. Your checkout and payments stay exactly as they are.

03 Who owns it?

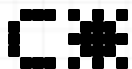

You do. The design and every file sit in your own code, in your name. Your hosting, domain and checkout stay with you, and nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free, then unlimited changes are \$35 a month if you want them, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.
